Teacher Education Committee: Toni Miller attended the monthly meeting as a representative from the graduate association.

Colloquium: Brenda asked for ideas for next year. One suggestion was a subject that included people on the outside. One of our biggest turnouts was the NCLB colloquium, which held interest for students and those in education outside of the university.

GSA Website: Brenda encouraged ideas for portfolios and other information pertinent to graduate students to be posted on the website.

Student Senate: Tina is withdrawing as the graduate student representative to the student senate since she will be student teaching next semester.
